

Buy a **tree**.
Save the **planet**.
Raise some **funds**.

Through our Schools Fundraising Campaign, students will get to see first-hand how trees are the key to capturing carbon and reversing the impact to our planet of greenhouse gas emissions.

Your school has the unique opportunity to make 20% commission on all trees sold through your school fundraising drive, as well as making a difference in the fight to save our planet.

The trees will be planted on the closest available farm or land to the school

A plaque with the schools name will feature alongside the trees at the planting site

The school can visit the tree planting site & even plant the trees with the farmers assistance if they wish*

The school will get reports from EcoForce about carbon capture & the progress of the trees
